Introducing DRC's Newest Achievement Test:

TerraNova NEXT Form 2

Educators, districts, dioceses, and schools rely on DRC year after year for their testing needs. DRC is a leading expert in the testing industry and is known for providing accurate, reliable, and valid data that translates into valuable, informed decision making in the classroom. By integrating content design, innovation, technical excellence, and superior research, TerraNova NEXT Form 2 is our most comprehensive release to date for the TerraNova family of assessments with alignment to both national standards and the college and career ready framework. Contemporary, rigorous, and relevant content with rich graphics maintains interest and motivates students to do their best. With test items reflecting greater depths of knowledge, educators can evaluate students' performance relative to the more challenging levels of thinking and problem-solving skills required by your state standards.

FLEXIBLE ASSESSMENT FOR EVERY TESTING NEED

TerraNova NEXT Form 2 can be administered at any time throughout the school year. TerraNova norms are built to provide national comparisons and adjust for the week of instruction in which you administer the test. TerraNova NEXT Form 2 provides a full suite of norm-referenced scores, criterion-referenced mastery information by objective/standard, and performance/proficiency levels. TerraNova assessments are appropriate for a variety of purposes including entrance screening, school placement, fall diagnostic, gifted identification screening, and end-of-year summative testing.

All subtests of TerraNova NEXT Form 2 are available from grades K–12 in both paper/pencil and online formats. You can test individual subtests or all subtests as required for your testing needs.

Rigorous Content for Meaningful Measurement

TerraNova NEXT Form 2 was designed with multiple item types to reach advanced depths of knowledge and thinking skills using selected response, evidence-based selected response, and multi-part/multi-select items. Test items reflect rigorous test-construction standards that ensure each item is valid and measures what is intended without embedded cultural bias. Our developers gave careful attention to questions of ethnic, racial, gender, regional, and age bias. All materials were created and reviewed to meet stringent editorial policies.

Item types include:

- Selected Response (SR): Questions that require students to identify one correct answer using a multiple-choice question
- Multi-Select (MS): Questions that require students to identify more than one correct answer
- Evidence-Based Selected Response (EBSR): Combines a selected-response question (Part A) with a second selected-response question (Part B) that requires stated or inferred evidence from the test supporting the answer in Part A

All items are autoscored to provide quick turnaround time for reporting. All test items are unique by level without any duplication of test items across levels ensuring students have not been exposed to item familiarity in previous years of testing.

TerraNova NEXT Form 2 Content and Grade Offerings					
Grade	**Level**	**Content Level Range**	**Subjects**	**All Subtests Available Online and Paper/Pencil**	**Item Types (all items autoscored; does not require any hand-scoring)**
K	Level 10	K.6–1.6	Reading, Mathematics	Yes	SR
1	Level 11	1.6–2.6	Reading, Mathematics, Science, Social Studies	Yes	SR
2	Level 12	2.0–3.2	Reading, Mathematics, Science, Social Studies	Yes	SR
3	Level 13	2.6–4.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
4	Level 14	3.6–5.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
5	Level 15	4.6–6.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
6	Level 16	5.6–7.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
7	Level 17	6.6–8.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
8	Level 18	7.6–9.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR, MS, EBSR
9	Level 19	8.6–10.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR
10	Level 20	9.6–11.2	Reading, Language, Mathematics, Science, Social Studies	Yes	SR
11/12	Level 21/22	10.6–12.9	Reading, Language, Mathematics, Science, Social Studies	Yes	SR

POWERFUL REPORTING FOR INFORMED DECISIONS

DRC offers a variety of reports available online and in hardcopy/print format. Our online Reporting Services option allows you the ability to view pre-made reports or customize your data in seconds with just a few clicks. You can tailor access based on permissions assigned at the district/diocese, school, or class level and create custom student groups for specialized reporting for scholarship and/or state reporting requirements. You can export your data and download and print graphs as desired. Your assessment solutions consultant and our customer services team can assist you in designing a reporting package that best fits the needs of your school.

KEY FEATURES OF TERRANOVA NEXT FORM 2:

- Online and paper/pencil testing for all subtests in grades K–12
- English language arts (ELA) composite score provided on DRC reports
- Brand new reporting services platform with enhanced graphics, customized views, and easier navigation
- More diagnostic and thorough measure of college and career ready standards and national objectives
- Content aligned to the same scale as our previous TerraNova versions for continuity and longitudinal growth tracking
- Multiple item types and zero duplication of items across grade levels
- Three-parameter item response theory (IRT) scoring (industry gold standard)
- Inclusive national norms using stratification of geographic, demographic, socioeconomic, and student accommodations status, ensuring fairness, accuracy, and reliability
- Use of special coding to track state requirements such as school choice, state scholarship reports, and customized school-level reporting needs
- Access to assessment solutions consultants to assist with program design, score interpretation, and training

A Balanced Assessment Solution

TerraNova NEXT Form 2 may also be administered in combination with our cognitive abilities assessment (InView) and our adaptive interim assessments (DRC BEACON) that predict performance on TerraNova to create a balanced assessment solution for your school.

Test with Confidence: TerraNova NEXT Form 2

From conceptualization to test blueprint, content creation, scoring, and reporting, DRC invests the time it takes to develop a superior, reliable, and technically sound assessment. This means you can test with confidence, knowing that the assessments will accurately measure your students' learning.
